“ I worked with SFC Verlin Haskins in an underground bunker, the USFK/EUSA J-3 command center, in Seoul, South Korea, for several years in the late 1970's. I enjoyed Verlin's presence, his help, and his stories very much. He told me several times that he and his family would eventually live in Sweetwater, Tennessee, after he retired from the Army. He was a true and loyal friend. I'm very saddened to know he has passed on from our world.
