“ I loved Vickie. I will never forget the late nights hanging with James while she slept for work the next day and her leaving notes on the pastries we weren't supposed to eat in the fridge. I love you James and you are in my thoughts.

“ Vickie and I lived next to each other back in 1993,94, and 95. She had James, Jody and Crystal. They became close friends with my children. We became really good friends. She was such a special lady. I will always treasure the time God permitted us to be neighbors and friends. God speed Vickie, you are an angel in God's heavenly choir. Soar high.

“ Well Miss Vicki you have left us but with lots of good fond memories. I was proud to call you my friend. I love your son and his wonderful family. I also love and promise to take care of your brother. You are at peace and we must accept this and go on. I know it will be hard but we will do it.

“ *What can I say? My mother was my best friend, my mother and my father for so many years. We spoke almost everyday! We texted multiple times a day! Mom I can't believe you left me. We have had so many conversations about the future. I can't believe that you will not get to meet your last grandbabbie. I can't believe that you will never see any of your grand kids graduate high school or get married. I don't know who I am going to call and talk to about my problems. You were not supposed to leave me. This was way too early for me. I know your in a better place but I am selfish and want you here with me. I hugged you so tight I know your spirit was gone but I hope you felt it. I hope that you are watching me and I hope that you are proud of me! I hope that you are happy with everything I have done with your stuff and with you arrangements. I love you momma. I have all your text messages saved and I have 3 voice mails that I will continue to read and listen to. Your sweet voice. Momma I love you. I spoke with you the night before. I wish I would have known. I would have drove down to visit.*
