MD

“ It is hard to believe that it was six years ago when the Lord received you as a beautiful Angel in Heaven. There isn't a day that goes by that I don't think about you. I still want to call you sometimes and just talk to you on the phone. Driving you to the store now would be a better experience for you now. I have gotten much better. I just wanted to stop and reflect on the love that you have given me through the years and are still giving me from up above. I love you Mamaw. . .
