To all Billy's Family,

We are so, so sorry to find out about Billy's passing today. We called him to check on him because of the tornado that hit Tennessee. I could not reach him on the number we had for him so I looked him up on line. What a shock!! We will try to reach one of you to see what happened.

Bill was such a sweet and good friend. We only talked maybe 2 times a year and sent Christmas cards to one another but, it was always such a pleasure to hear his voice and catch up with one another.. We had been friends since high school.

We are so, so sorry for your loss. And ours.... God be with you all.

Our hearts are with all of yours.
